**Owners' Association Committee - elections**

With the AGM approaching it is time for the Committee members to stand for re-election or to stand down.

Involvement in the Committee is of course voluntary and the time involved is very much up to you. The rewards are of course closer involvement in the day-to-day running of the Owners' Association which represents more than 51% of owners at Swanage Bay View.

The progress that we have made over the last few years has been immense and this has been the direct result of the efforts of many committee members and the support of so many owners.

You too can be a part of this.

I would very much appreciate some additional volunteers and welcome any interested owners to contact me in advance of the AGM.

Phil Davey  
Chairman
