Update Note to Members

1 March 2013

Dear Members

Further to the post you will have received from Darwin yesterday or today, Rosemary has yet to arrange a meeting with Anne Foulkes to discuss the rules. We are sure that this will go well.

Phil, your Chairman, is waiting for a reply from NACO about the licence. The letter from AF says that the work to finalise a new licence with NACO has been completed and will be available from the sales office. However, the licence has not been finalised yet, as the Association has not been informed of any final licence by NACO or Darwin. Of course the new licence will only be accepted and agreed when each owner signs it, and if the Association can recommend it to you. Phil will let you know when he has an update from NACO about the concerns around instalments and other things that we have raised with NACO.

The Park Manager makes it clear in her letter that the first instalment of site fees is due 1st March. That is a good indication, but remember that the option of instalments is actually contractual and has been since 2008.

The Owners' Information Guide also says that we can make arrangements for post via Reception.

Further to our Note of 26 February, we are waiting to hear when there will be Workshops on Smart meters to answer all our questions.
