The note sent to all members dated 24th October with regard to the postponement of the General Meeting due to be held on 27th October 2012, has been removed from the website at the request of Darwin. In order to ensure the completeness of the correspondence record, this note is still available to any member who wishes to see it. The Association do not accept that there was anything wrong with this note to members, but in the interests of improving the relationship between owners and Darwin we have acquiesced to their request.
